## WALK-IN Shower

The simple concept of a walk-in shower fits into any bathroom decor style. A walk-in shower can be spacious, but it can also be adapted to smaller bathrooms. You will have different options for partitioning it from the rest of the bathroom. It is custom-made according to your choice of glass, profiles, and hardware.

In addition to its modern look, a significant advantage of such a shower cabin without a tub is accessibility because there is no difference in floor level. It is extremely easy to clean and maintain. With a walk-in shower, you can have the bathroom of your dreams.

**WALK IN 01**  
Corner walk-in shower with  
two fixed glass panels and  
splash protection.

**WALK IN 02**  
Walk-in shower in a niche with  
a fixed glass panel and splash  
protection.

**WALK IN 03**  
Walk-in shower in a niche with one fixed glass panel.

## Decorative Glass

Our range of decorative glass for shower cabin installations includes laminated glass with dichroic film, transparent colored films, and metal meshes. With the right choice of glass, your bathroom transforms from a functional space into an oasis of unique aesthetics and ambiance. We exclusively use tempered glass. Check out the collections of Transparent Colored Glass and Metal Meshes.
